

**Fifth annual Family History Research Trip
With Michael John Neill, MS
Salt Lake City Library
27 May-3 June 2010**

Trip Website: <http://www.rootdig.com/slctrip.html>

Why Go With Us?

Use the outstanding resources of **one of the top genealogy collections in the United States. The Family History Library in Salt Lake City has the nation's largest collection of genealogical materials, both in print and in microform.**

You'll have **expert, experienced guidance from nationally-known genealogist Michael Neill, M.S, columnist for *Eastman's Online Genealogy Newsletter*, and genealogy lecturer and speaker.** Michael will help you get the most out of your trip through individualized attention. Michael will:

- **Assist** in pre-trip preparation, with a private website, mailing list and individualized suggestions. **Pre-trip planning is an integral part of our trip experience.**
- **Assist** you in developing research strategies and using resources while you are at the library.
- **Answer** your follow-up questions after the trip.
- **Maximize your library experience** through consultations before and after the trip to help you make more effective use of library time

You'll be staying **with-in walking distance of the library** at The Best Western Salt Lake Plaza Hotel at Temple Square.

Be a part of a small **congenial group** and network with others. You will not be at the library in complete isolation, and we don't just drop you off at the door and leave!

If you have always wanted to go to the Family History Library, but never wanted to go by yourself...then this is your opportunity. We will get to know each other before the trip through our mailing list where any question related to the trip can be asked and answered!
